

Yearbook needs your photos!

It is so easy to add photos from the free TreeRing Yearbook app or from your computer at TreeRing.com! You can add photos from your camera roll, Facebook, or even Instagram. We have made it easy to share photos by placing them in your teacher's folder or the corresponding event's folder in TreeRing.

Send us your 1st Day of School, virtual workspace, school themed photos and more! See below for step-by-step instructions, as well as via the attached flyer.

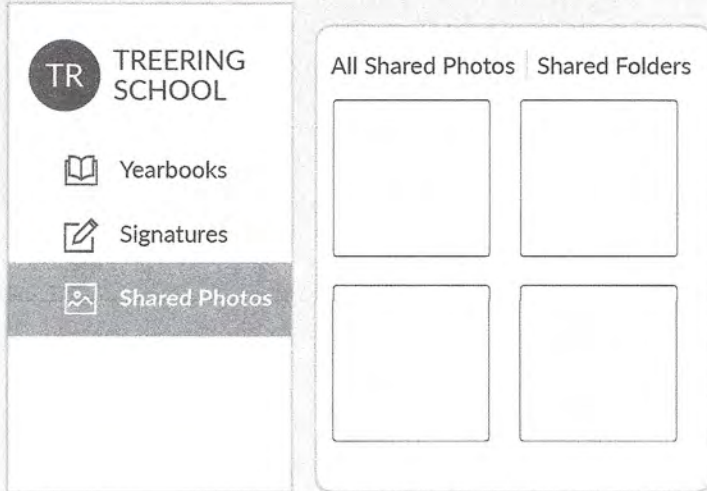

1. On your home screen select the menu in the upper left corner.
2. Select Shared Photos.
3. Select Shared Photo Folders.
4. Select the Shared Photo Folder where you want to upload the photo.
5. Select Add Photos.
6. Select the photo source where your photo is saved.
7. Select the photo and then Add Photos.
8. You will then see the photo in the folder.

If you have any questions, please reach out to the Yearbook Committee (Corin Thomlinson, Liza Lazar, and Kasey Woleben) at yearbook@mcclurepto.com.
