

Wolford eBook Resources

Available in Our Learning Commons

Follett Shelf

* Recommended for 3rd-5th graders

Follett eBooks are electronic resources that are located within our on-line library catalog. These types of eBooks are to read on your computer and are listed along with our other regular library books that physically house on our library shelves. We have access to over 1200 eBooks on many reading levels that are shared amongst our district in this manner. This resource can also be accessed from the Wolford webpage. It's under the "Learning Resources" tab. Select "Library Search." Find the catalog tab and the Follett Shelf link will be on the left side near the bottom.

You can search by topic, author, interest level, reading level, etc.

- Student login is "s" followed by their student #: s123456) & their password is their normal "birthdate" computer password at school
- Teacher login is your normal 6 digit Munis # and the password is your first initial of your first name and then your last name (ex: shanna)
- These types of materials can be borrowed for 5 days and then will automatically be returned from your account.

Overdrive

* Recommended for 3rd-5th graders

Overdrive is a resource that is shared amongst MISD libraries and gives us access to both eBooks and audio

books. Although our students can see all content, as elementary students they will only be allowed to check out elementary level media. (High school, middle school, and elementary school students all have access to Overdrive.) Overdrive eBooks and audio books can be downloaded on most eReaders. You can download the Overdrive app from the App Store on your iDevices. Just click on the “Help” link on the [overdrive page](#) to get instructions on how to download media to your devices, and to find support in troubleshooting any problems you have. You can also just read the materials directly from your computer without downloading the materials.

- Student Login: Library Card Number: s+(student ID number) Eight digit birthdate
- Teacher Login: 6 Munis # and first initial & last name

Tumblebooks

*** Recommended for all grade levels**

Tumblebooks are ebooks with audio for kids. Many are animated, talking picture books with games and puzzles. Children can read along, or just have the book read to them. They have recently added “Readalongs” for older readers with some popular chapter books. All books play directly in your Internet browser window, so there is no software or files to download to your computer. *Use the [Tumblebooks link on the Woford webpage](#); our password is embedded in the link.*

Take the [“Tumble Tour”](#) to see how it works.
